What Residents are Saying

A0.

"I found the Reve by happenstance and I'm happy I did. the property is huge and the landscaping is lovely. Everything is so green and clean. I especially enjoyed the creek And the bridge running over it. The staff at Reve is also incredibly kind. The leasing staff greeted me immediately and were very nice and forthcoming with answers. I also noticed multiple members of maintenance moving about, pushing tools and tending to the grounds. The staff presence really impressed me where I normally only see one or two people at a time elsewhere. there are also a lot of restaurants, retail and grocery outlets within walking distance. Highly considering this property for my next home."

Pet Of The Month

Luminous Flux

RÊVE Pet of the Month: Luminous Flux

Meet Luminous Flux! His name means "the perception of light," which is fitting, considering he lights up every yoga studio he walks into.

This adventurous Gemini boy hails from a Utah ranch where the breathtaking landscapes of the YELLOWSTONE series were partially filmed in its first year. He celebrates his birthday in Moab, where the red rock sunsets are as vibrant as his personality. Lu dreams of reuniting for the "Goldens in Golden" event next year—because what's better than a family reunion filled with fluffy joy?

When he's not busy exploring mountain trails or keeping a vigilant eye on bunny security at Ember & Ice, you can find him co-piloting road trips, ensuring his human doesn't take a wrong turn into Taco Bell. He's also a connoisseur of gourmet breakfasts from Whole Foods, because why settle for kibble when you can have organic scrambled egg whites?

If you spot Luminous around town, don't be shy—he's always ready to lean in for some snuggles.
